

Annual European Rheology Conference 2024, Leeds UK

Best Poster Award: Athanasios Kordalis
Issued by *Journal of Non-Newtonian Fluid Mechanics*

Title: Interacting tandem pairs of bubbles in elastic yield-stress materials

Annual European Rheology Conference - April 9th - 12th 2024

The Annual European Rheology Conference (AERC) is an international conference organized by the European Society of Rheology. Each year it gathers rheologists from all over Europe as well as from other countries worldwide to open a dialogue on hot topics regarding rheology. The participants originate from academy to industry and government laboratories and engage in a friendly, informal atmosphere to discuss and share ideas.
